

Chief Technology Officer (f/m)

You can get a lot of money back with tax declarations, but it's complicated, time-consuming and no one really understands them.

We are on a mission to change that: With specialized tax tools and modern UX, we are currently reinventing the whole tax industry. We look for an CTO to help us on this mission.

This is a full-time position in our cosy loft in the center of Kreuzberg.

What you will do

- Grow our awesome internal tech team of 4+ developers
- Co-decide on the company strategy and co-design its culture
- Hire and retain developers
- Support technical decisions
- Work closely together with our CPO, PMs and Designers

You'll need to have

- Very good communication skills. You are a good listener.
- Leadership experience for at least a similar sized team.
- Customer centric mindset.
- Good understanding of Ruby, Ruby on Rails, HTML, (S)CSS and Javascript. You are knowledgeable about best practices.
- Experience with mobile apps, especially React Native is a big plus, but not necessary
- Experience with German tax system would be beneficial, but not necessary

How are we different?

- We work together as a team: knowledge & experience is shared all the time
- We believe that a diverse team will create a better product
- We deploy our Rails 5 app continuously multiple times per day
- We improve our code quality day by day
- We base our design decisions on multiple thousand data points
- We talk A LOT about taxes :)

Sounds good?

You don't need a perfectly crafted CV or cover letter. Instead, just tell us in a brief email about you and the most important things we should know about you. We reply fast. Please send your mail to product@wundertax.de

We especially encourage people from underrepresented groups to join us.
