

Tax declarations are complicated, time-consuming and no one really understands them. [wundertax](#) is on a mission to change that: We are a tax tech startup based in Berlin. The company was founded in October 2015 by David Czaniecki (CEO) and currently employs around 25 people. wundertax offers specialized online tax declarations for a wide variety of people and professional groups. In addition to our main platform [steuererklaerung.de](#), we offer, among other things, tax tools for students ([studentensteuererklaerung.de](#)) and expats ([germantaxes.de](#)). Focusing on the tax needs and requirements of individual audiences minimizes the burden of creating a tax declaration for our users. For us, the main goal is to enable users to make their own tax declarations as easily as possible and to maximize the tax refunds they receive.

We are looking for a talented person to join our team as as our new DevOps Engineer (f/m/div):

## DevOps Engineer (f/m/div) - Berlin

### What you will be working on:

- Work side by side with the best engineers in a continuous deployment workflow
- Automate scaling, maintenance and configuration of a cloud infrastructure running on AWS
- Evaluate technology decisions and implementation strategies
- Troubleshooting and disaster recovery
- Build automated tests to make sure all components work properly
- Monitor the performance of services (APM) and give regular feedback to developers about improvements

### What we need you to bring to the table:

- At least 3 years of experience as DevOps Engineer
- Previous experience with at least a few of our stack: Kubernetes, Docker, Ansible, AWS
- Fluency in Bash and Python or another scripting language
- Motivation and willingness to learn and use new technologies
- Strong troubleshooting skills
- Contributions to open source projects and communities
- Passionate about performance tuning
- Fluent English
- Availability to move to Berlin

### Why you should work for us:

We are an equal opportunity employer and value diversity in our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, or disability status.

We hear our people. During regular reviews and retrospective meetings as well as direct conversations, you can give feedback, discuss current issues and kick off implementing your ideas.

Our investors trust us, and so should you. We are all about getting more expertise and knowledge into the team and share great mentoring relationships with investors and other experts.

### And there is more:

- Unlimited contracts
- Fixed annual learning budget
- Wunderlab: take time to work on your exciting ideas on a regular basis
- Flexible working hours/home office options
- 28 days vacation
- Regular team events
- In-house German language courses
- In-house meditation sessions
- Visa application support for non-EU citizens
- Table Tennis, foosball® and darts
- Free Mate, beer, coffee, water, fresh pressed orange juice, sodas and fruit
