

Tax declarations are complicated, time-consuming and no one really understands them. [wundertax](#) is on a mission to change that: We are a tax tech startup based in Berlin. The company was founded in October 2015 by David Czaniecki (CEO) and currently employs around 25 people. wundertax offers specialized online tax declarations for a wide variety of people and professional groups. In addition to our main platform [steuererklaerung.de](#), we offer, among other things, tax tools for students ([studentensteuererklaerung.de](#)) and expats ([germantaxes.de](#)). Focusing on the tax needs and requirements of individual audiences minimizes the burden of creating a tax declaration for our users. For us, the main goal is to enable users to make their own tax declarations as easily as possible and to maximize the tax refunds they receive.

We are looking for a talented person to join our team as our new Software Developer (f/m/div):

## Software Developer (f/m/div) - Berlin

### What you will be working on:

- Write high quality, clean, maintainable and testable code
- Execute the release processes of the features you develop
- Help us increase code reuse while creating well tested and documented modules

### What we need you to bring to the table:

- At least 3 years of experience with web development and proven record with Ruby on Rails projects
- Experience in Test Driven Development
- Experience designing and implementing RESTful APIs and Microservices
- Ability to write clear, concise and maintainable code that your teammates can understand and build upon
- Knowledge of other programming languages (Python, Javascript)
- Motivation and willingness to learn and use new technologies
- Bonus: Experience with Docker / Kubernetes
- Bonus: Familiarity with Frontend frameworks
- Fluent English
- Availability to move to Berlin

### Why you should work for us:

We are an equal opportunity employer and value diversity in our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, or disability status.

We hear our people. During regular reviews and retrospective meetings as well as direct conversations, you can give feedback, discuss current issues and kick off implementing your ideas.

Our investors trust us, and so should you. We are all about getting more expertise and knowledge into the team and share great mentoring relationships with investors and other experts.

### And there is more:

- Unlimited contracts
- Fixed annual learning budget
- Wunderlab: take time to work on your exciting ideas on a regular basis
- Flexible working hours/home office options
- 28 days vacation
- Regular team events
- In-house German language courses
- In-house meditation sessions
- Visa application support for non-EU citizens
- Table Tennis and foosball®
- Free Mate, beer, coffee, water, fresh pressed orange juice, sodas and fruit
